LEADERSHIP TEAM

This dynamic group brings a wealth of knowledge and industry insights to the forefront. The team's direction will facilitate better collaboration and richer discussion among industry leaders.

LEADERSHIP TEAM

"My vision for this business is to be one of the premier networking and content-rich conference series in the life sciences ecosystem. I'll leverage my experience and passion of running my own Boston Biotech Forum to help move this company forward with heightened engagement and worthwhile discussion."

"In my role, I'm excited to bring forward the most relevant topics and pressing trends in our industry. It's my goal to give senior executives a one-of-a-kind opportunity for sharing ideas and contributing to meaningful discussion with their peers."

AMBASSADOR COMMITTEE
